

URC 7880

ENGLISH SIMPLE SET UP GUIDE

**WELCOME, PREPARE YOUR
REMOTE FOR INSTALLATION**

Open the battery door.

Insert 4 AAA batteries.

KEY TABLE

Thank you for purchasing the One For All Smart Control.

Now you can control all of your Audio/Video devices with a single remote, while enjoying extra features such as the ability to combine devices in a single Activity Mode, sending multiple commands on a single key press (macros) and being able to customise the remote control to your exact requirements.

There is also a handy companion app for iPhone and Android phones which will allow you to keep your remote up to date with the latest devices and codes. It also offers you an alternative way to set up your remote.

To get started with your new remote, the first step is to set it up to control all of your Home Cinema devices.

HOW TO SET UP YOUR REMOTE

A – SIMPLESET

SimpleSet is a quick and easy way of setting up the remote to control the most popular brands of each device type with only a few key presses, typically in under a minute per device. The first step is to select which device you are going to set up. The following is a list of Device Modes on the remote control, and the Device types that can be set up on that mode:

Device Mode

Type of device

TV TV, HDTV, LED, LCD, Plasma, Projector

STB Set Top Box, Satellite Receiver, Cable Converter, Freeview, DVB-T, IPTV

BLU Blu-ray, DVD, DVD Home Cinema, VCR, Laser Disk

AUD Audio, AV Receiver, Amplifier, Tuner

DVD DVD, DVD Home Cinema, Blu-ray, VCR, Laser Disk

GAME Game Console*, Digital Media Receiver, Streamer

MEDIA Digital Media Receiver, Streamer, Game Console*

S. BAR Sound Bar, Active Speaker System

* The One For All remote can only control games consoles operated by Infra-Red, either directly or via an adapter. Consoles that are controlled by Bluetooth only cannot be operated.

For each Device type, there is a list of the top brands, each with a number assigned to it, for example 5 for a Samsung TV. Locate your device and brand in the list that follows:

HOW TO SET UP YOUR REMOTE

A – SIMPLESET

TV

- | | |
|---------------------|------------|
| 1 Hisense | 6 Sharp |
| 2 LG | 7 Sony |
| 3 Panasonic | 8 TCL, RCA |
| 4 Philips, Magnavox | 9 Toshiba |
| 5 Samsung | 0 VIZIO |

STB – Sat, Cable, DVB-T

- | | |
|---|-----------------------------|
| 1 AT&T, DIRECTV, Sky Mexico | 5 Cox Communications |
| 2 Bell, Bell MTS | 6 DISH Network, Dish Mexico |
| 3 Charter, Spectrum, Time Warner Cable, Bright House Networks | 7 Optimum, Suddenlink |
| 4 Comcast, Xfinity | 8 Shaw, Shaw Direct |
| | 9 TiVo |
| | 0 Verizon, Frontier |

BLU, DVD – Blu-ray, DVD

- | | |
|---------------------|-----------|
| 1 Insignia | 6 Samsung |
| 2 LG | 7 Sharp |
| 3 Panasonic | 8 Sony |
| 4 Philips, Magnavox | 9 Toshiba |
| 5 Pioneer | 0 Yamaha |

AUD – AV Receiver, Amp, Tuner

- | | |
|--------------------|-----------|
| 1 Bose | 6 Pioneer |
| 2 Denon | 7 RCA |
| 3 Harman/Kardon | 8 Samsung |
| 4 Marantz, Philips | 9 Sony |
| 5 Onkyo, Integra | 0 Yamaha |

HOW TO SET UP YOUR REMOTE

A – SIMPLESET

GAME, MEDIA – Games Consoles (5 & 8), Media Players

- | | |
|-------------|-------------------|
| 1 Apple | 6 Roku |
| 2 D-Link | 7 Sling Media |
| 3 Microsoft | 8 TiVo |
| 4 Netgear | 9 Western Digital |
| 5 NVIDIA | 0 Xiaomi |

S. BAR – Sound Bar, Speaker Systems

- | | |
|---------------------|--------------|
| 1 Bose | 6 Sonos, RCA |
| 2 JBL, ZVOX | 7 Samsung |
| 3 LG | 8 Sony |
| 4 Panasonic | 9 VIZIO |
| 5 Philips, Magnavox | 0 Yamaha |

To set up your device

1. Turn on your device (not on standby) and point the OFA remote towards it.
2.  Hold down MAGIC until the LED under the device blinks twice. The LED under the current mode key will stay lit.
3.  Press the DEVICES key repeatedly until the LED for the device you want to set up is lit.
4.

4	5	6
7	8	9

 Hold down the digit for your brand and device as listed above (e.g. 5 for Samsung TV).
5. The remote will send Power every 3 seconds until your device switches off.
6. As soon as your device switches off, release the digit.
7.  The LED will blink twice and go out. The remote should now operate your device.

* If you find one or more keys do not work as you expect, start again at step 1 – the remote will start with the next code in the memory.

HOW TO SET UP YOUR REMOTE

B – SET UP BY CODE

If your brand is not listed in section A, you can set up your device by trying codes individually. To do this:

1. Turn your device on (not on standby).

2. Locate the brand of your device in the code list (included). Codes are listed by Device Type and Brand.

LEARNING

Your One For All remote control can learn any function from any other working remote control. This can be useful if you are missing one or more functions from your original remote control and would like to add them to the Smart Control. You can learn onto any key except Magic, Devices or Activity.

You can also learn a complete device if you can't find a code.

To learn, firstly make sure you have all your original remote controls to hand, and that they have working batteries in. To learn functions, the original remote should be approximately 3cm from the OFA remote, pointing towards it as shown below:

-  Hold down MAGIC until the LED under the device blinks twice. The LED under the current mode key will stay lit.
-  Using the DEVICES key, make sure the LED for the device you want to learn functions on is lit.
-  Press 975 – the LED will blink twice.
-  Press and release the key you want to learn a function onto (for example the A key) – The Watch TV, Listen To Music and Custom LEDs will light up.
-  Press and release the key on the original remote.
- The LED will blink twice to indicate the key has been learned correctly.
- Repeat steps 4 and 5 for each key you want to learn – remember you can learn from multiple remotes, but only one function per key.
-  When you learned all the functions you require, press and hold the MAGIC key until the LED blinks twice and turns off.

Hints

- If the LEDs shows one long blink at step 6, the function was not learned correctly, please try again from step 4.
- If you find one or more keys don't work properly after set up, you can re-enter the learning mode at any time by repeating the procedure from step 1.

LEARNING

TO DELETE A LEARNED FUNCTION, THE PROCEDURE IS:

-  Hold down MAGIC until the LED under the device blinks twice.
The LED under the current mode key will stay lit.
-  Using the DEVICES key, make sure the LED for the device you want to delete functions from is lit.
-  Press 976 – the LED will blink twice.
- Press the key to delete twice – the LED will blink twice.

Repeat the above procedure for each key you want to delete.

ACTIVITIES

An Activity is a grouping of two or more devices into a single mode based upon what you're doing while using your remote - for example TV and Set Top Box can be combined together into a Watch TV mode. In this mode keys will control only the relevant device, so in this example the Volume keys would control the TV, but the channel keys would control the Set Top Box.

The OFA Smart Control features 5 Activity Modes; Watch TV, Watch Movie, Listen To Music, Play Game and Custom. Each of these modes has a choice of devices to combine.

These are:

WATCH TV

- | | |
|----------------|---|
| Combination 1: |  TV + STB (Default) |
| Combination 2: | TV + STB + AUD |
| Combination 3: | TV + AUD |
| Combination 4: | TV + S.BAR |
| Combination 5: | TV + STB + S.BAR |

WATCH MOVIE

- | | |
|----------------|---|
| Combination 1: |  TV + BLU (Default) |
| Combination 2: | TV + BLU + AUD |
| Combination 3: | TV + DVD |
| Combination 4: | TV + DVD + AUD |
| Combination 5: | TV + BLU + S.BAR |
| Combination 6: | TV + DVD + S.BAR |

LISTEN TO MUSIC

- | | |
|----------------|---|
| Combination 1: |  TV + AUD + MEDIA (Default) |
| Combination 2: | TV + S.BAR + MEDIA |
| Combination 3: | TV + AUD + BLU |
| Combination 4: | AUD only |
| Combination 5: | S.BAR only |

ACTIVITIES

PLAY GAME

Combination 1:
Combination 2:
Combination 3:

TV + GAME (Default)
TV + GAME + AUD
TV + GAME + S.BAR

CUSTOM

Combination 1:
Combination 2:
Combination 3:
Combination 4:
Combination 5:
Combination 6:

TV + MEDIA (Default)
TV + MEDIA + AUD
TV + MEDIA + S.BAR
TV + GAME
TV + GAME + AUD
TV + GAME + S.BAR

If you set up the default devices for any Activity on the remote (for example a TV and STB for Watch TV) that Activity will be set up automatically on the remote. If you would like to change to a different combination, the procedure is as follows:

-  Hold down MAGIC until the LED under the device blinks twice. The LED under the current mode key will stay lit.
-  Use the ACTIVITY key to scroll through the Activities until the one you want to set is flashing.
-  Press the number of the combination you want to set – e.g 2 for TV + STB + AUD in Watch TV.
- The LED will blink twice and go out.

To access the Activities, simply press the ACTIVITY key to scroll through until the desired one is lit. You can return to controlling by device by using the DEVICES key.

INPUT Shift

As the INPUT key is intended to select the input on your TV and most TVs use a menu to select from a list of inputs, when the INPUT key is pressed in an Activity, the Menu Up, Down, Left, Right and OK keys temporarily control the TV. If the OK key is pressed, or no key is pressed for ten seconds, these keys will revert to controlling the relevant device for the Activity (e.g. STB in Watch TV Mode).

Power Macro

If you hold down the Power key for 2 seconds in any Activity, the remote will send the Power function for each device contained within that Activity. So for example, holding Power in the default setting for Watch TV will turn both the TV and Set Top Box on or off.

MACROS

PROGRAM A MACRO

You can program any key on your OFA remote (except MAGIC, DEVICES and the three App Shortcut keys) to send multiple commands on a single press – a Macro. This can be useful for controlling multiple devices to put them in a certain state – for instance you could put your TV on HDMI 1 and press Play on the Blu-ray player to start watching a movie. A key programmed with a Macro will send the same Macro regardless of the device mode, so it is best to select a key you don't use, or use one of the spare A, B or C keys.

To program a macro, the procedure is as follows:

-  Hold down MAGIC until the LED under the device blinks twice. The LED under the current mode key will stay lit.
-  Press 995 – the LED will blink twice.
- Next select the key you want to program the Macro on.
-  Now use the DEVICES key to select the device you want the first function of the Macro to come from, for example TV.
-  Next, press the key you want to include in the Macro, for example the INPUT key.
- Repeat steps 4 (if necessary), and 5 to add more keys to the Macro. You can include up to 15 key presses.
-  To store the Macro, hold down the MAGIC key until the LED blinks twice.

* Remember to press the keys in the same order you would using your original remotes – so if you pressed AV on the TV remote and then Play on the Blu-ray remote to watch a movie, do it in the same order on the Smart Control.

* If the LED shows a long blink when you press a key in steps 3 or 4, you have entered too many keys, please try again.

TO DELETE A MACRO

If you want to remove a macro from a key, please perform the following:

-  Hold down MAGIC until the LED under the device blinks twice. The LED under the current mode key will stay lit.
-  Press 995 – the LED will blink twice.
- Press the key the macro is programmed on.
-  Now hold down the MAGIC key until the LED blinks twice – the Macro is deleted.

MACROS

MACROS ON ACTIVITIES

Another handy feature of the Smart Control is to put Macros on Activities; you could for example program the Watch TV Activity to send a Macro to turn on the TV and Set Top Box when selected. To do this, simply use the Activity key to select the Activity in step 3 of the procedure "Program a Macro". Next time you use the Activity, the Macro will be sent 3 seconds after you select it using the Activity key.

If you want to delete a Macro from the Activity, select it during step 3 of "To Delete a Macro".

VOLUME LOCK

If you always use one device to control volume, for example your TV or an AV Receiver, you can set up the Smart Control to always control that device, regardless of which device your remote is controlling.

To do this:

1. Hold down MAGIC until the LED under the device blinks twice. The LED under the current mode key will stay lit.
2. Press 993 – the LED will blink twice.
3. Use the DEVICES key to select the Device you want to lock the Volume to.
4. Press MAGIC once – the LED will blink twice and volume is now locked.

If there is one particular device you would like to exclude from the Volume Lock (and control its own volume), you can do this by the following:

1. Hold down MAGIC until the LED under the device blinks twice. The LED under the current mode key will stay lit.
2. Press 993 – the LED will blink twice.
3. Use the DEVICES key to select the Device you remove from Volume Lock.
4. Press VOLUME DOWN – the LED will blink four times and device is now removed.

To unlock the volume and set every device back to controlling its own volume, the procedure is:

1. Hold down MAGIC until the LED under the device blinks twice.
The LED under the current mode key will stay lit.
2. Press 993 – the LED will blink twice.
3. Press VOLUME UP – the LED will blink four times and Volume is now unlocked.

Please note that Volume Lock only applies in Device Mode – Activities are unaffected.

APP SHORTCUT FEATURE

The Smart Control features 3 App Shortcut keys for viewing digital TV, streamed over the internet. If your original remote control already had a key for this - for example many newer TVs have a Netflix key - then this key will perform exactly the same as the key on your original remote. However if you did not have a key like this, but still had the ability to watch a streaming service, you can use this key as a shortcut by programming a macro on it. Most AV devices which are connected to the internet, such as Smart TVs or streaming Set Top Boxes have one or more applications they can run to access TV viewing via the internet. Examples of these would be Netflix, YouTube, Amazon Prime, BBC iPlayer or similar.

To program the macro, you first need to know the device you use to access the service, and then the sequence of keys you need to press to always bring up the service you prefer, For example, some Panasonic TVs will start Netflix by pressing the Apps key, then Menu Down Twice, and finally the OK key. Or on an Apple TV, the sequence is Menu, Menu Down and OK.

Once you have determined the sequence for your device, follow these steps:

1. Sit in front of your device with It switched on (not on standby)

2.  Hold down the App Shortcut key until the LED blinks twice and stays lit

3.  Use the DEVICES key to select the device you want to use for the App Shortcut macro (e.g. TV)

4.  Now perform the sequence of keys exactly as would normally. The remote will operate your device and the macro is recorded in real time - so if it normally takes a few seconds for your device to react don't worry.

5.  One you have finished the sequence - and the Streaming Service has started on your device - hold down the App Shortcut key until the LED blinks twice and goes out. The macro is now stored.

Tips

- Make sure the Smart Control Is operating the device in question before programming
- If you find the Macro doesn't work as expected, you can just repeat the same sequence to reprogram
- When programming, wait for your device to respond first, the remote will remember the timing
- The App Shortcut macro is tied to one device, remember to make sure you are watching the correct device.

B – SET UP BY CODE

If your brand is not listed in section A, you can set up your device by trying codes individually. To do this:

1. Turn your device on (not on standby).

2.  Locate the brand of your device in the code list. Codes are listed by Device Type and Brand.

3.  Hold down MAGIC until the LED under the device blinks twice. The LED under the current mode key will stay lit.

4.  Press the DEVICES key repeatedly until the LED for the device you want to set up is lit.

5.  Enter the first 4 digit code listed for your brand (e.g. 2049 for a Insignia TV).

6.  The LED will blink twice and go out.

7.  Now aim the remote towards your device and press the POWER key.

8. If the device turns off, your remote is ready to use. If not, repeat steps 3-7 with the next code in the list.

* Some codes are quite similar. If you find that one or more keys do not operate as you expect, try again from step 3 with the next code in the list.

B – CONFIGURACIÓN POR CÓDIGO

Si no encuentra la marca de su dispositivo en la sección A, puede configurar su dispositivo probando códigos individuales. Para ello:

1. Encienda su dispositivo (no lo deje en modo de espera).

2.  Busque la marca de su dispositivo en la lista de códigos. Los códigos se muestran por tipo de dispositivo y marca.

3.  Mantenga pulsado el botón MAGIC hasta que el LED situado bajo el dispositivo parpadee dos veces. El LED que se encuentra bajo el botón del modo activo se mantendrá encendido.

4.  Pulse el botón DEVICES varias veces hasta que el indicador LED del dispositivo que desea configurar se encienda.

5.  Introduzca el primer código de 4 dígitos de su marca (por ej. 2049 para un televisor Insignia).

6.  El LED parpadeará dos veces y se apagará.

7.  Oriente el mando hacia su dispositivo y pulse el botón de encendido (POWER).

8. Si el dispositivo se apaga, ya puede usar el mando. De lo contrario, repita los pasos 3-7 con el siguiente código de la lista.

* Algunos códigos son muy similares. Si observa que uno o más botones no funcionan como es debido, repita el proceso desde el paso 3 con el siguiente código de la lista.

THE OFA APP

Your One For All Smart Control contains codes for all popular devices and brands, but new codes are added to our online database every day. Using the One For All App on your iPhone or Android phone will allow you to upgrade any new codes into your remote using Bluetooth Smart, also known as Bluetooth Low Energy*. This will ensure that the remote will never become obsolete. You can also use the app to set up all devices, giving you the ability to enter the model numbers of your equipment to get the right code first time.

If you would like to download the app, follow the links below:

* Please ensure your phone is compatible with Bluetooth Smart.

LA APLICACIÓN OFA

Su mando a distancia One For All Smart Control contiene códigos de todos los dispositivos y marcas más populares, y a diario se añaden nuevos códigos a nuestra base de datos en línea. Si instala la aplicación One For All en su dispositivo Android o iPhone, podrá actualizar su mando con nuevos códigos a través de Bluetooth Smart, también conocido como Bluetooth Low Energy*.

Hacerlo le garantiza que su mando a distancia nunca se quedará anticuado.

La aplicación también le proporciona acceso a funciones adicionales, como por ejemplo configuración de actividades.

Si desea descargarse la aplicación, siga los enlaces que se incluyen a continuación:

* Asegúrese de que su teléfono es compatible con Bluetooth Smart

APPLICATION ONE FOR ALL

Votre télécommande One For All est compatible avec tous les appareils et marques populaires. Leur nombre augmentant au fil du temps, il est nécessaire d'adapter notre base de données en fonction. En utilisant l'application One For All sur votre iPhone ou téléphone Android, vous êtes sûr de disposer des dernières mises à jour pour votre télécommande, dotée de la technologie Bluetooth Smart (ou Bluetooth Low Energy)*, et cela constamment. Vous pouvez également utiliser l'application pour configurer tous les appareils. Vous pouvez ainsi saisir le numéro de modèle de votre équipement afin d'obtenir le code approprié.

Pour télécharger l'application, utilisez le lien ci-dessous :

* Vérifiez que votre téléphone est compatible avec la technologie Bluetooth Smart.

WARRANTY / GUARANTEE

WARRANTY / GUARANTEE INFORMATION

Terms and Conditions for "100% Guaranteed To Work" policy, and the separate 1 Year Limited Warranty against defects in material and workmanship can be found at www.oneforall.com/remotegarantee, or you may request hard copies by calling 855-716-2573, or via mail to UEI Technical Support Service, Suite 301, 26250 Euclid Ave., Euclid, OH 44132. Please include your full name, product information, and contact information in your request communication.

LEGAL NOTICES

FCC STATEMENT:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Caution: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

GARANTÍA | GARANTIE

ESPAÑOL

GARANTÍA / INFORMACIÓN DE GARANTÍA

Los términos y condiciones para la política de "Compatibilidad 100% Garantizada" y separadamente 1 año de Garantía Limitada contra defectos de material y mano de obra pueden encontrarse en www.oneforall.com/remotegarantee, si lo desea puede solicitar la copia física llamando al 855-716-2573, o por correo a UEI Technical Support Service, Suite 301, 26250 Euclid Ave., Euclid, OH 44132. Por favor incluya su nombre completo, información de su producto y todos sus datos de contacto en su petición. Para productos de venta en México los términos y condiciones a continuación se aplican.

Los términos y condiciones de garantía a continuación solo se aplican a productos de venta en México

GARANTÍA LIMITADA

Garantía: Universal Electronics Inc., garantiza que este producto estará libre de defectos de materiales y mano de obra por un periodo de un año a partir de la fecha de la compra. Esta garantía no se aplica al daño causado por el manejo y envío, o daños causados por accidente, abuso, uso indebido, desgaste natural, mantenimiento inadecuado, incumplimiento de las instrucciones o aquellos daños que resulten de modificaciones o reparaciones no autorizadas. La garantía anterior se aplicará únicamente al comprador original, y es y será en lugar de cualquier otra garantía, ya sea expresa o implícita y de todas las demás obligaciones o responsabilidades por parte de Universal Electronics Inc., siendo así que no asume responsabilidad por, ni tampoco autoriza a cualquier otra persona que pretenda actuar en su nombre para modificar o cambiar esta garantía, ni a asumir ninguna otra garantía u obligación con respecto a este producto. La responsabilidad máxima para Universal Electronics Inc., bajo cualquier circunstancia en relación con cualquier garantía se encontrará limitada al reemplazo del producto defectuoso. Se recomienda que el cliente revise constantemente su equipo para su correcto funcionamiento.

Recursos: Su recurso exclusivo bajo esta Garantía Limitada es que Universal Electronics Inc., a su elección, reparará o reemplazará, sin cargo las partes y/o la mano de obra, del equipo que se encuentre defectuoso.

Procedimiento del Servicio: Para obtener el servicio de garantía, visite la Página de Garantía y complete la forma en www.oneforall.com/warranty con su nombre completo, información de contacto, número de serie del producto, y la descripción del problema junto con una copia/imagen del recibo de compra, en donde se muestre la fecha de compra. Si es necesario, Universal Electronics Inc., le proporcionará instrucciones de envío para el producto. En caso de que haya un defecto, Universal Electronics Inc., reparará su equipo o le enviará un reemplazo. Usted pagará los costos de envío y devolución (con excepción de California y México).

Aviso Legal: LA GARANTÍA ANTERIOR ES LA ÚNICA Y EXCLUSIVA GARANTÍA POR PARTE DE UNIVERSAL ELECTRONICS INC., EN RELACIÓN CON LOS PRODUCTOS. NO HAY DECLARACIONES O GARANTÍAS ADICIONALES, EXPRESAS O IMPLÍCITAS, SALVO LO DISPUESTO POR LA LEY APLICABLE. CUALQUIER GARANTÍA IMPLÍCITA REQUERIDA POR LA LEY ESTÁ LIMITADA EN DURACIÓN AL PERIODO DE GARANTÍA ESTABLECIDO EN LA PRESENTE. ALGUNOS ESTADOS NO PERMITEN LIMITACIONES SOBRE LA DURACIÓN DE UNA GARANTÍA IMPLÍCITA, POR LO QUE LAS LIMITACIONES ANTES MENCIONADAS PUEDEN NO SERLE APLICABLES.

EN NINGÚN CASO UNIVERSAL ELECTRONICS INC., O SUS FILIALES, SERÁN RESPONSABLES DE DAÑOS INCIDENTALES, ESPECIALES, INDIRECTOS, CONSECUENTES O MÚLTIPLES, INCLUYENDO DE MANERA ENUNCIATIVA MÁS NO LIMITATIVA, LAS PÉRDIDAS DE GANANCIAS, PÉRDIDAS O DAÑOS DEL SOFTWARE O LOS DATOS, O DAÑOS AL EQUIPO DERIVADOS DEL USO DE CUALQUIER PRODUCTO, INCLUSO SI SE ADVIERTE LA POSIBILIDAD DE DICHAOS DAÑOS. LA GARANTÍA ESTÁNDAR LE DA LOS DERECHOS LEGALES ESPECÍFICOS, Y USTED PUEDE TENER DERECHOS ADICIONALES, QUE PUEDE VARIAR DE UN ESTADO A OTRO. ALGUNOS ESTADOS NO PERMITEN LA EXCLUSIÓN O LIMITACIÓN DE LOS DAÑOS INCIDENTALES O CONSECUENTES, POR LO QUE LAS LIMITACIONES ANTES MENCIONADAS PUEDEN NO APLICARLE.

La Garantía Limitada aplica a los siguientes productos:

URC URC7880

AVISOS LEGALES

DECLARACIÓN DE LA FCC:

Este equipo ha sido sometido a prueba y se ha determinado que satisface los límites establecidos para ser clasificado como dispositivo digital de Clase B, de acuerdo con la Parte 15 del reglamento FCC. Estos límites están diseñados para proporcionar una protección razonable contra interferencias dañinas en un ambiente residencial. Este dispositivo genera, utiliza y puede irradiar energía de radiofrecuencia y, si no es instalado y utilizado de acuerdo a las instrucciones, puede causar interferencias perjudiciales en las comunicaciones de radio. Sin embargo, no se garantiza que no ocurrirá interferencia en una instalación particular. Si el equipo causa interferencias perjudiciales en la recepción de la señal de radio o televisión, lo cual puede comprobarse entendiéndolo y apagándolo alternativamente, se recomienda al usuario corregir la interferencia por uno de los siguientes procedimientos:

- Cambie la orientación o la ubicación de la antena receptora.
- Aumente la distancia entre el equipo y el receptor.
- Conecte el equipo a un tomacorriente de un circuito distinto de aquel al que está conectado el receptor.
- Solicite consejo al distribuidor o a un técnico experto en radio y televisión para obtener ayuda.

Este dispositivo satisface la parte 15 del reglamento FCC. Su utilización está sujeta a las siguientes dos condiciones: (1) este dispositivo no puede causar interferencia dañina, y (2) este dispositivo debe aceptar cualquier interferencia recibida incluyendo interferencias que puedan causar una operación no deseada.

Cuidado: Cualquier cambio o modificación que no esté aprobado expresamente por la parte responsable por el cumplimiento puede anular la autoridad del usuario para operar el equipo.

GARANTIE / INFORMATIONS SUR LA GARANTIE

Les conditions et modalités relatives aux règles " Fonctionnement garanti à 100%" et la garantie limitée de 1 an contre tout défaut de matériaux et de main-d'œuvre peuvent être consultés sur www.oneforall.com/remotegarantee, ou vous pouvez demander une copie papier en composant le 855-716-2573, Ou par courrier électronique au service d'assistance technique UEI, Suite 301, 26250 Euclid Ave., Euclid, OH 44132. Veuillez inclure votre nom complet, les informations sur votre produit et vos coordonnées dans votre demande de communication.

AVIS JURIDIQUES

DECLARATION DE LA FCC :

Cet équipement a été testé et déclaré conforme aux limitations prévues dans le cadre de la catégorie B des appareils numériques, définies par l'article 15 du règlement de la FCC. Ces limites ont été établies pour fournir une protection raisonnable contre les interférences préjudiciables lors d'une installation résidentielle. Cet équipement génère, utilise et diffuse des ondes radio et s'il n'est pas installé et utilisé conformément aux

instructions en vigueur, il peut provoquer des interférences préjudiciables aux communications radio. Cependant, il n'est pas possible de garantir qu'aucune interférence ne se produira pour une installation particulière. Si cet équipement produit des interférences préjudiciables lors de réceptions radio ou télévisées, qui peuvent être détectées en éteignant puis en rallumant l'appareil, essayer de corriger l'interférence au moyen de l'une ou de plusieurs des mesures suivantes :

- réorienter ou déplacer l'antenne réceptrice;
- augmenter la distance entre l'équipement et le récepteur;
- brancher l'équipement sur la prise électrique d'un circuit différent de celui auquel le récepteur est relié;
- contacter le revendeur ou un technicien radio/télévision qualifié pour toute assistance.

Cet appareil est conforme à l'article 15 du règlement de la FCC. Son fonctionnement est soumis aux deux conditions suivantes : (1) Ce dispositif ne doit pas causer d'interférence nuisible et (2) il doit accepter toute interférence reçue, y compris une interférence qui pourrait causer un fonctionnement indésirable.

Attention : Tous changements ou modifications qui ne seraient pas expressément approuvés par les responsables des normes pourraient rendre nul le droit de l'utilisateur d'utiliser cet équipement.

LEGAL NOTICES

FCC STATEMENT:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference and (2) this device must accept any interference received, including interference that may cause undesired operation.

Caution:

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment

Guaranteed to work all brands

One For All Universal Remote Controls use the world's largest and most efficient database of infrared codes for controlling Audio Video devices. This ensures that, in almost all cases, the remote is ready to control the desired device in a matter of minutes, or even less.

Setup code database

The memory of the remote contains the best selection of codes for the devices and the market, but the full One For All database is much larger and growing every day as new brands and functionality are introduced. For this reason there is a very small possibility that the code for a particular device is not in the memory of the remote you have purchased.

If you have the original (working) remote you can make use of the One For All remote's Learning feature which will allow you to copy functions from any working original remote control.

However, if the original is not available, all One For All remotes are guaranteed 100% compatible at the time of your purchase and to ensure this we offer a free upgrade service in the unlikely event that a code is missing from your remote and cannot be learned. Our free upgrade services is available during a period of one (1) year from the date of purchase of your remote.

Customer Support

As this solution differs per case, please contact our Customer Support Team with details of the remote you have purchased and the device not controlled and they will advise further. Often an alternative code can be recommended, or in some cases, the remote can be sent to our Customer Service to be upgraded and returned within a few days*. In the very unlikely case that we have no suitable code for your device, we guarantee to refund you 100% of the price you paid for the remote.

WARRANTY / GUARANTEE INFORMATION

Please note the guarantee only applies for AV devices that the remote is designed to control, for example a TV-only remote does not cover Set Top Boxes or Audio equipment. In the case of specific replacement remotes such as the OFA Samsung remote, the guarantee only covers infrared controlled TVs of the specific brand mentioned on the packaging. The guarantee covers only infrared controlled devices and does not apply for radio frequency controlled devices.

** The initial postage must be paid by the sender, return postage will be paid by One For All.*

LIMITED WARRANTY

Warranty:

Universal Electronics Inc. warrants this product to be free from defects in material and workmanship for a period of one year from the date of purchase. This warranty does not apply to damage caused by shipping or handling, or damage caused by accident, abuse, misuse, misapplication, ordinary wear, improper maintenance, failure to follow instructions or as a result of any unauthorized modifications or repairs. The foregoing warranty shall apply only to the original buyer, and is and shall be in lieu of any and all other warranties, whether expressed or implied and of all other obligations or liabilities on the part of Universal Electronics Inc. neither assumes responsibility for, nor authorizes any other person purporting to act on its behalf to modify or to change this warranty, nor to assume for it any other warranty or liability concerning this product. The maximum liability for Universal Electronics Inc. under all circumstances for any warranty issue shall be limited to a replacement of the defective product. It is recommended that the customer check their equipment on a regular basis for proper operation.

Remedies:

Your exclusive remedy under this Limited Warranty is that Universal Electronics Inc., at its option, will repair or replace, without charge for parts and/or labor, the product found to be defective.

Service Procedure: To obtain warranty service, please contact support. If necessary, Universal Electronics Inc. will provide shipping instructions for the product. If there is an actual defect, Universal Electronics Inc. will repair your device or send a replacement to you. You pay the cost to send us the product and for return shipping (except in California and Mexico).

Disclaimer:

THE FOREGOING LIMITED WARRANTY IS THE SOLE AND EXCLUSIVE WARRANTY BY UNIVERSAL ELECTRONICS INC. WITH RESPECT TO THE PRODUCTS. THERE ARE NO OTHER REPRESENTATIONS OR WARRANTIES, EXPRESS OR IMPLIED, EXCEPT AS REQUIRED BY APPLICABLE LAW. ANY IMPLIED WARRANTIES REQUIRED BY LAW ARE LIMITED IN DURATION TO WARRANTY PERIOD PROVIDED HEREIN. SOME STATES DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS, SO THE ABOVE LIMITATIONS MAY NOT APPLY TO YOU. IN NO EVENT SHALL UNIVERSAL ELECTRONICS INC. OR ANY OF ITS AFFILIATES BE LIABLE FOR ANY INCIDENTAL, SPECIAL, INDIRECT, CONSEQUENTIAL, OR MULTIPLE DAMAGES, INCLUDING BUT NOT LIMITED TO, LOST PROFITS, LOST OR DAMAGE TO SOFTWARE OR DATA, OR DAMAGE TO EQUIPMENT ARISING OUT OF THE USE OF ANY PRODUCT, EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. THIS STANDARD WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS, AND YOU MAY ALSO HAVE OTHER RIGHTS, WHICH MAY VARY FROM STATE TO STATE. SOME STATES DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGE, SO THE ABOVE LIMITATIONS MAY NOT APPLY TO YOU.
